WINDSTAR HOMES WINS AWARDS

Luxury is Their Specialty

Windstar Homes has won another Aurora Award. This time, it is for this 18,000 square-foot estate that was selected as "Best Custom Home - Three Million or More." The home's Swimming Pool and Landscape Design gained them yet another Aurora Award for being the best.

Bobby Gross and David Lesser, the owners of Windstar Homes, were proud to add three more Aurora Awards to their collection at this year's competition.

BOBBY GROSS AND DAVID LESSER, owners of the Tampa Bay-based luxury builder Windstar Homes, were recognized at the Aurora Awards ceremony in Orlando three times this year. The Awards are the "Grammys" or "Oscars" of the home-building industry that are given to honor builders, architects, developers and interior designers within the twelve-state region that stretches from Texas to Virginia. These awards are sponsored by the Florida Home Builders Association, the Southeast Building Conference and the National Association of Home Builders.

In addition to the three prestigious Aurora Awards they earned this year, they have won

eleven other Auroras in the past five years. With fourteen awards to their credit, they have won more than any other custom-home builder or architect in the Tampa Bay area. This is an impressive feat for a firm that is only thirteen years old.

Windstar provides new home design and construction services, landscaping and swimming pool design, as well as a full range of interior design and decorating services for those who want the ultimate in luxury living. ■■■
