

FOR IMMEDIATE RELEASE:

WINDSTAR HOMES ANNOUNCES THE OPENING OF THEIR NEW CORPORATE HEADQUARTERS AND DESIGN CENTER.

May 1, 2008 (Tampa, FL.) – Award-winning **Windstar Homes** of Tampa announces the opening of their new corporate headquarters and design center. Located on the corner of Westshore & Kennedy Blvds., at the prestigious Urban Centre, the new facility occupies nearly half of the office space on the Atrium at Urban Centre Two. Much of the space boasts floor to ceiling curved glass walls that allow all that visit to view the spectacular scenery the abutting Atrium has to offer including its fabulous fountains and lush garden landscaping. Adjacent to the atrium is the newly renovated Intercontinental Hotel featuring Shula's Steakhouse, The Lobby Bar, 24 hour concierge desk, three large ball rooms and a conference center.

As part of the company's recent expansion along with its new Corporate Branding Initiative, Windstar's office and design center allows the firm's clients along with prospective clients, to capture the true essence of the Windstar Design/Build experience. Clients review building plans, specifications, and all other ancillary items on a 47" Flat screen TV monitor located in the conference room which is the centerpiece of the new office. In addition, clients make many of their new home selections in the large interior design center located at the rear of the space. The new facility was designed and luxuriously decorated by Windstar Design Group to be reflective of the type of work the firm does.

According to Bobby Gross, who with partner David Lesser, own Windstar Homes, "Our new facility is a working image gallery where visitors can peruse over fifty framed photographs and renderings of both current and recent projects. In addition to the generous amount of static imagery, the conference room's large, wall-mounted flat screen TV loops the more than 250 images contained in the firm's gallery of its past work which is all clearly visible from across the atrium. It's great marketing, plus it's a terrific place to work for our entire staff."

Founded in 1996, Windstar Homes provides a wide range of services that include New Home Design; Landscaping & Hardscaping Design; Swimming Pool Design; Interior Design; complete Construction Services; as well as the full range of Interior Decorating Services including Furniture and Window Treatment Design and Procurement.
